The butter market is report 'firm' since the weather has become cooler.

In his speech at Reno the President took care to divorce patriotism from politics.

The new Capitol Hotel at Frankfort, restoring the old one, will cost \$350,000.

After all, we are not to get rid of the "daylight saving" nuisance until October 26th.

England has released at once all package mail held since 1914. A vast quantity.

Edward Bok has resigned as editor of the Ladies' Home Journal and will be succeeded Jan. 1 by H. O. Davis.

The Republicans are making a big effort to elect a congressman in the Seventh Alabama district to fill a vacancy.

The Mammoth Oil Co. at Lexington has been sued for million dollars and must be doing pretty "well."

The first test vote in the Senate showed 3 majority from the anti-peace crowd, with several absent without pairs.

Ludendorff's letters running in the daily papers have so far contained nothing to disturb the peace. He admits that as early as August 8 they realized they were whipped.

Dan O'Sullivan, one of Louisville's brightest newspaper men, is to start a new paper today to be called, "O'Sullivan's Weekly. It will be strong except in name and we look for a few hives to be taken off in the first issue.

Nineteen prominent citizens of the "September Born Club," of Trigg county had a picnic at Pollard White's Spring Sept. 18, all born in September. Allison Thomas, aged 94, and Henry Lawrence were there.

The National Geographic Society has issued a bulletin explaining that some snakes are destroyers of pests and are thus very useful to farmers. One of this class is the bull snake of the plains, but no one has a good word for the snake in the grass.

Lady Thackeray, of India, wife of a Hindu potentate, attracted much attention coming over to this country a few days ago on the Aquitania by being flashingly attired with a \$3,000 diamond on the outside of her left nostril, fastened into a hole in her nose.

The Italian rebels under D'Annunzio have been increased by recruits to 12,000 and are overrunning other Dalmatian towns without forces to defend them. To complicate affairs a general strike throughout Italy, tying up transportation and shipping, is threatened.

The Democrats are having to rely on the Post for loyal support, all three of the other Louisville dailies being either fighting in the open or sniping. The last time the Courier-Journal bolted the Times stayed loyal. This time both are very hard to please.

The Mayor of Milwaukee, whose name we have already forgotten, rushed into print to state that he would not invite the king of Belgium because he was more interested in workingmen than in kings. The Mayor evidently has his names confused and fears that he is about to be ridden by Balaam instead of the royal visitor from Belgium.

Congressman Barclay, who referred to Joseph as Esau's brother was a much better Bible scholar than the editor of the Nashville Tennessean who compares D'Annunzio to "Sampson who pushed over the temple." It was Sampson who pulled down the pillars supporting the temple. It was Samson who pulled who wasn't there when Schley won the battle of Santiago.

Col. Geo. W. Bain, who will speak in the city soon, has been a temperance speaker in Kentucky for more than 40 years. In his young days he was one of the most eloquent orators in Kentucky and it is said he retains much of the vigor and fire of his youth, while his intellectual force is unimpaired and his speaking always effective. It must be a happy day for him to see his life dreams about to be realized.

## CHRISTIAN CONVENTION CONCLUDES

FINAL SESSION HELD THURSDAY NIGHT AFTER DAY DEVOTED TO S. S.

ELECT MISSIONARY OFFICERS

Rev. Everett S. Smith Chosen President and Mrs. Frank W. Dabney, Delegate.

The sessions of the Christian Convention were carried out Wednesday and Thursday as shown by the published program. Wednesday Prof. Homer W. Carpenter, of Richmond, of the Kentucky Missionary Society, postponed his address until the night session.

Dr. Edgar DeWitt Jones, president of the national convention, to be held next month in Cincinnati, was absent and Rev. Campbell, of St. Louis spoke instead, delivering a lecture on the "Challenge of the Cincinnati Convention."

The report of Secretary-treasurer Elliott and the Eighth district secretaries showed conditions in the state to be in a flourishing shape.

At a luncheon from 1:30 to 3:30 the every-member canvass was the topic, with the international team in charge. Officers of this society were elected this afternoon as follows: President, E. S. Smith, Hopkinsville; vice-president, E. W. Eliot, of Glasgow, and Howard Brazelton, of Stanford; recording secretary, W. B. Trimble, of Mt. Sterling; secretary-treasurer, H. W. Elliot of Sulphur; delegates to the International convention at Cincinnati, Hume Logan of Louisville, J. C. Gates, of Princeton, Mrs. Charles Allen Thomas of Lexington, Mrs. F. W. Dabney, of Hopkinsville, William Briney of Louisville, Homer W. Carpenter of Louisville, J. W. Porter of Lexington, Mrs. D. W. Scott of Somerset, Miss Fannie Earler of Frankfort, W. H. Smith of Danville, W. J. Huds-peth of Berea.

Officers were elected for the Christian women's board of missions, the old officers being re-elected without change.

Thursday's sessions were devoted almost entirely to Sunday Schools. The convention came to an end with the night session and the delegates yesterday returned to their homes.

The meeting in all respects was a most enjoyable and successful one. The delegates were entertained for lodging and breakfast in private homes, the other meals being served at the church. There were more than enough homes provided for all who came.

Rev. Jas. D. Armistead, of Cynthiana, a former Hopkinsville boy, is president of the Sunday School Convention, and presided throughout Thursday's sessions. Louisville was selected as the place of the meeting next year.

## A HANDSOME BANK FRONT

Built of Bedford Stone and Cae of the Show Fronts of the City.

The handsome stone-front building of the City Bank & Trust Company, enlarged to take in an additional storeroom, is nearing completion. The front has been made anew for the whole building and is of the best quality of Bedford stone. The work was done by McClelland & Armstrong, the local contractors, and is a fine piece of work. The building has been enlarged without interrupting business.

Died Near Hawkins. Mrs. Corn Fowler, of the Western part of the county, died Wednesday of tuberculosis. The burial services were held Thursday in the vicinity.

## BETHEL ASSOCIATION MEETS AT GUTHRIE SEPT. 30

Third Largest of The Associations of The Baptist Denomination In Kentucky.

### Special Order On Second Day

The Bethel Baptist Association, composed of 43 churches, will meet in regular annual session at Guthrie next Tuesday and Wednesday. The Association has heretofore met the first of August but was fixed for a later date this year.

By special arrangement of the program the great 75 Million Campaign will be a special order for the first evening session of the first day and for the entire morning session of the second day.

All reports bearing upon subjects affected by the campaign fund of \$6,500,000 to be raised in Kentucky in five years, will be submitted Tuesday afternoon and all discussions postponed on same until they are considered the next morning as a whole. The present Moderator is Chas. M. Meacham and the position of clerk is vacant since the removal of Rev. W. R. Goodman from the Association. New officers will be elected at 11 o'clock Tuesday morning, the rules making the Moderator ineligible for a second term.

The Hopkinsville churches will be represented each by three elected messengers and several hold-overs. There are twenty-five churches of Christian county in the Association. There will be entertainment provided for all messengers. Following is the complete program for both days:

## STRIKERS ARE WILLING TO ARBITRATE

FITZPATRICK TELLS SENATE HIS MEN WILL LET THE PRESIDENT DECIDE

ARE WILLING TO TRUST HIM

Great Lakes Ship Trades Vote For a Sympathetic Strike.

Washington, Sept. 26.—John Fitzpatrick, chairman of the National Committee that organized the nation wide steel strike, announced in answer to a question by Senator Kenyon, Iowa, that the strikers would, without question, be willing to leave the settlement of their controversy with the United States Steel Corporation and other plants involved in the present walkout, to the decision of any arbitration board that might be selected by President Wilson.

He added that if the Steel Corporation will agree to let the President settle the dispute by arbitration the steel workers will return to their jobs and will abide by any decision reached by the President and his arbitrators.

Ship Trades To Strike.

Buffalo, Sept. 26.—Three unions of 18,000 of the Great Lakes Steamship Workers have voted unanimously to empower their respective Executive Committees to call a strike in sympathy with the steel and iron workers, it was announced yesterday.

## SUCCESSFUL STOCK SALE

Held Yesterday By the Crawley-

Campbell Auction Co., At Fair Grounds.

REAL ESTATE SALE THURSDAY

The auction sale of the Hill property adjoining the Presbyterian church on the east, located on Ninth street, was held by the Crawley-Campbell Co., Thursday and the property was sold as a whole to Jeff J. Garrett for \$18,000.

The Nourse farm east of town was sold in three tracts of 120, 43 and 22 acres at \$110, \$94 and \$87 respectively, two of the tracts going to adjoining property owners.

The report of other sales has not been made yet.

The same company yesterday had a big sale of live stock which lasted a good part of the day. The sale was a big success with a great deal of stock sold at high prices.

COL. BAIN WILL NOT COME NOW

On account of his illness the engagement of Col. Geo. W. Bain to lecture at the Methodist church Sunday night will have to be cancelled and postponed to a later date—a message to this effect having been just received. The W. C. T. U. and Mr. Bain's legion of friends here sincerely deplore his illness and trust that he may soon be restored to health and strength, and that we may have the pleasure of listening to him in the near future. He speaks with such convincing power that we want our people to hear his arguments and appeal for the State-wide constitutional amendment to be voted for on November 4th.

A soldier's widow in Louisville who lost her pension by marrying a man who proved to be a bigamist, from whom she got a divorce, is now trying to have the divorce set aside and the bigamous marriage annulled, so as to reinstate her status as a pensioner.

## PRESIDENT ILL---STARTS HOMEWARD

HAS CANCELED REMAINDER OF HIS TOUR, INCLUDING LOUISVILLE.

GOING HOME FROM KANSAS

Nothing Critical In His Illness But Physician Orders Trip Ended.

Wichita, Kan., Sept. 26.—President Wilson today cancelled the remainder of his tour, under orders of Admiral Cary T. Grayson, the President's physician, and will return to Washington direct from Wichita. Admiral Grayson gave illness and physical exhaustion as the reason for his action.

Although there is nothing critical about the President's condition, Dr. Grayson declared that nervous reaction affecting his digestive organs made the suspension of his trip imperative.

The President was ill most of the night and the decision to return at once to the capital was reached just before the train arrived at Wichita.

## FUNERAL OF F. S. MEACHAM

Venerable Retired Farmer Who

Died In This City Tuesday Evening, Aged 89.

On Thursday morning at 10:30 o'clock, the funeral services of Fud-elio Sharp Meacham, who died on last Tuesday night, were held at the home of his son-in-law, George D. Dalton.

Mr. Meacham was in his eighty-ninth year and was born and had spent the whole of his life in this county. For years he was a farmer, but some years ago sold his farm and had since made his home with his daughter and son-in-law, Mr. and Mrs. Dalton. He was man of the highest integrity and was loved and esteemed by all who knew him. He was devoted to his church, and was a true Christian in every sense of the word.

Mr. Meacham is survived by his wife and one daughter, Mrs. Dalton, and by two sisters, Mrs. Geo. Wiley and Mrs. Geo. V. Lacy, both of this city.

HENRY VAN HOOSER

Death of Former Grocer of a Sudden Heart Attack.

Henry Van Hooser, a retired grocery man, died at his home on Nineteenth street, Wednesday, of a sudden attack of heart trouble. Mr. Van Hooser was 58 years of age and was a consistent member of the Christian church. He leaves no family excepting his wife.

The funeral services were held Thursday afternoon by Rev. Everett S. Smith and the burial was at Riverside cemetery.

Barker-Butler.

Dr. Joe Louis Barker, of Pembroke, and Mrs. Mary Williams Butler were married at McKenzie, Tenn., Monday, where the bride was on a visit to her sister. They reached Pembroke the same evening.

ANOTHER BIG REAL ESTATE DEAL.

C. S. Pierce has sold his fine farm of 465 acres on the Canton pike to M. O. Kimmerling and will give possession Jan. 1st. Mr. Kimmerling recently sold his farm of 500 acres on the Clarksville pike. Mr. Pierce owns another farm, but his plans have not been announced.

## THE LEAGUE OF NATIONS.

The people of Kentucky are in favor of the League of Nations, there is no more doubt of that than there is that the Republicans are gumshoeing about that matter over the State and remaining silent on what the mothers and fathers of American boys regard as the greatest issue this country has faced in a century—the issue of whether there shall be an international tribunal that will wake wars in the future, if not impossible, at least difficult. The Democratic platform and the Democratic candidates warmly endorse the League of Nations, while Republican Senators fighting the treaty which is the hope of the world for future peace, have made it necessary for the hard-worked president of the United States to leave Washington and make an appeal directly to the people; telling them the truth about the treaty to counteract the misrepresentation of Republican speakers in the Senate of the United States. Let the people of Kentucky take warning from these Republican opponents of the President in the Senate. Let them take warning from the action of a political party willing to play politics while the world starves and is on fire with conditions of unrest that will not be stilled until the great American Republic, whose entrance into the war definitely sounded the doom of German junkerism and ended the hope of Hun world-domination, has definitely acted on the peace treaty and notify these politicians in the Senate as well as in Kentucky that it is not a time to play politics when the world is afire and starving. One way to rebuke these Republican opponents of President Wilson is to elect James D. Black, an advocate of the League of Nations, Governor of Kentucky, November 4th, with every man on the ticket him.

## PROFITEERING IN KENTUCKY

The investigation by the commission appointed by Governor Black of the high cost of living in Kentucky has had at least one concrete result and that is proof that S. Thurston Ballard, Republican candidate for Lieutenant Governor of the State and millionaire miller of Louisville, has been charging the people of his home city and State \$1.10 a barrel more for flour than the people of far-away Louisiana. It has been reported that, in addition to this discount given the people of New Orleans of \$1.10 below the price he is

willing to sell flour to the people of Louisville, the Ballard mills also pay the freight on the flour to New Orleans, which everybody knows, is quite some distance from Louisville, involving a freight rate of hardly less than 50 cents a barrel, though this paper has not had the time to look up that rate.

If this is not profiteering with a vengeance, and with the people of Kentucky as its victim, we should like to know what it is, and how much sincerity can be credited to the Republican party platform plank on that question.

Republicans are chuckling over the kind of support the supposed Democratic organ, the Courier-Journal, is giving the Democratic ticket. It looks like the country press will have to win the fight, as it has had to do in some past contests.

Three of the five men who were offered "thanky" jobs by Ed Morrow—jobs not likely to be his to give—will vote the Democratic ticket. And most likely the husbands of the two ladies who were flattered will also follow the crowd into Black's bandwagon.

Gen. Pershing, after making himself a terror to the Huns, has returned home and, according to the gossips, has been captured by a war widow, of Hagestown, Md., Mrs. Carl Boyd, whose former husband was a member of the General's staff.

Secretary Daniels has announced the appointment of Rear Admiral Robert E. Coontz, to be chief of naval operations, the highest office in the navy. Rear Admiral Coontz, who will succeed Admiral William S. Benson upon the latter's retirement today, now is in command of a dreadnaught, division of the Pacific fleet.

## SPEAKING APPOINTMENTS.

## The Buick Dry Plate Clutch

The exclusive patented features of the Buick disc clutch minimize the effort and skill necessary in gear shifting, and at the same time provide a clutch that is absolutely smooth and positive in operation. Under this patented construction, the heavy rotating parts of the clutch are carried by the flywheel and only the very light parts are carried by the transmission, which accounts for the transmission gears not spinning after clutch is disengaged, thus preventing the clashing of gears in shifting from one speed to another.

The slightest pressure of the foot will disengage this smooth acting Buick clutch, which makes it especially popular with women drivers and those who drive much in congested traffic.

## EXPOSITION VISITORS TO SEE AIR CARNIVAL

Evansville, Ind., Sept. 22.—Visitors to the Evansville Centennial Exposition, Oct. 14 to 24 will see a genuine air carnival such is usually staged only in the large cities.

Evansville has several planes of its own, owned by private interests, and in addition Congressman O. R. Luhring has secured permission for four planes to come here from Godman field, Camp Knox, Ky.

The locally-owned planes will be available for air rides during the exposition by visitors to the city.

Plans for the tractor show in connection with the exposition are completed and at least forty tractors and appliances will be exhibited. Actual tests of the value of the various makes will be made.

The building to house the exhibits at Bosse Field are under way and will be completed within ten days. They will be decorated and trimmed to set the displays off to the best advantage.

## Standardization Spreads.

One breed of purebred chickens for each county, is the aid of the Standardization work of the Extension Division of the College of Agriculture. This work has spread rapidly until 58 counties are now developing this plan. Almost a half a million eggs from purebred hens were secured for setting in these 58 counties last spring. Three quarters of a million purebred eggs will probably be sold and distributed in Kentucky during the spring of 1920.

## FINES IN THE WHISKY CASE

Dougherty and Taylor Get \$250 Each and Anderson \$50 For Alleged Hanging.

The time of Circuit Court was occupied Wednesday and Thursday with the trial of W. R. Taylor, Monroe Anderson and T. E. Dougherty, of Pembroke, charged with "confederating and banding to injure and injuring another." They were charged with hanging by the neck and otherwise roughly handling Charles Beasley, col., to bring from him a confession about where some liquor was obtained, which they suspected of having been stolen from Taylor.

Beasley was the star witness and gave a graphic account of the way he was treated, at one time being almost hanged into unconsciousness. All of the defendants stoutly denied Beasley's story. Dr. T. P. Allen testified that in his opinion the negro could not have been hanged as he claimed without marks of the rope being left on his neck. There were numerous witnesses and the case was hard fought with the prosecution assisted by Trimble & Bell and Fowler & White and the defense conducted by Breathitt & Allensworth and Duffy & Skinner.

The jury took the case in the afternoon and soon brought in a verdict fining Taylor and Dougherty \$250 each and Anderson \$50.

### Mr. Robertson's Brother.

John Robertson, of Union county, a brother of J. J. Robertson, of this city, was painfully burned this week by an explosion of gasoline while working about his machinery.

George Bingham, of the Mayfield Times, ran over a boy with his Ford the other day but didn't hurt him much.

### Grocery Changes Hands.

Eli Mitchell and Wallace Henderson, two promising young business men, have bought out Pepper's grocery on the corner of Virginia and Fifth streets and have taken charge of the business.

## FIFTEEN MOONLIGHT SCHOOLS START

The moonlight schools are beginning in most of the districts in the northern part of the county and much interest is taken in the work by both young and older adults. The colored moonlight schools begin in the southern part of the county next month.

Miss Katie C. Wright's moonlight school shows an increase of 40 per cent enrollment over that of the first night. She reports a splendid attendance. She is having a real successful school of this kind.

Miss Hazen Shuppert, teacher at Judge School, had twenty-three present of those enrolled the night the agent was there. She has a large enrollment and much is being accomplished in that district.

Notwithstanding the busy time and a meeting near last week, Miss Flora Williams has been having a large attendance. Several of those enrolled, who were totally illiterate, have learned to read, and have written a few letters recently.

Three of these schools which were doing well have been stopped temporarily on account of revival meetings.

The school organized at Mt. Zoar reports great interest and a larger enrollment. Other white schools previously organized which were not visited recently by the agent report favorably.

Several colored moonlight schools are in progress. A large enrollment and great enthusiasm is always found in these schools.

Those pledging to teach a moonlight school last week were:

Sarah Yancey, Sadie Cotton, Benjie E. Porter, Fannie May Myers and T. L. Wiggings.

To date there are fifteen moonlight schools in progress in the county. Others probably are going on in the Southern part which have not been reported. Sixty-five of the rural teachers of the county are pledged to teach schools of this kind in their districts this year.

We rank 97th with the other counties of the State from the standpoint of illiteracy. The teachers are making a desperate effort to raise the standard in this line before the next federal census.

## Aliens Sent Home.

On Thursday 1431 prisoners of war and internees were deported from New York, on the steamship Pocahontas. The majority were Germans from Western forts. They were sent on a special train. Only Red Cross canteen workers, with coffee and sandwiches were permitted to approach the cars. The prisoners, apparently in good health sat quietly in the cars. The majority appeared happy at the prospect of going home.

Most of the Germans refused to come out on the train platforms for the benefit of the moving picture men, but a few smilingly granted the request. One husky Teuton who emerged, shouted: "I'm one of Bill Haywood's boys."

LOST—A small bill book with about \$100 in checks, \$20 to \$25 in cash. Will pay reward. R. G. LYLE, Howell, Ky.

From Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Pittsburgh, Pa.—"For many months I was not able to do any work owing to a weakness which caused backache and headaches. A friend called my attention to one of your newspaper advertisements and immediately my husband bought three bottles of Lydia E. Pinkham's Vegetable Compound for me. After taking two bottles I felt fine and my troubles caused by that weakness are a thing of the past. All women who suffer as I did should try Lydia E. Pinkham's Vegetable Compound."

Mrs. JAS. ROHRBERG, 620 Knapp St., N. S., Pittsburgh, Pa.

Women who suffer from any form of weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues," should accept Mrs. Rohrborg's suggestion and give Lydia E. Pinkham's Vegetable Compound a thorough trial.

For over forty years it has been correcting such ailments. If you have mysterious complications write for advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

### YOUTH WINS AGAIN.

The veteran breeders in Durocs who showed in the Junior Sow Pig at the State Fair, are wondering what happened to them. The first, second and third prize went to a girl and two boys who were members of the Pig Club of the State. These three prizes were taken in a hotly contested ring with 37 gilts showing. An eleven-year-old boy got the Junior Championship in the Hampshire class with a Hampshire gilt.

## WITH THE KENTUCKY PRESS

Issues in The State Campaign (Louisville Post.)

Saturday of last week the Democratic State campaign in Kentucky—a campaign involving control of all our State offices for a period of four years—was opened at Hopkinsville, the chief speaker being Governor James D. Black, the party nominee for Governor, and Mr. Thomas S. Rhea, the chairman of the Democratic Campaign Committee.

Governor Black spoke chiefly on the questions that have arisen in the Governor's race, for which office he is a candidate. He replied to the speech of the Republican opponent, Mr. Morrow, and undertook to state what he would do if re-elected. Mr. Rhea undertook to state what he considered all the vital issues of the campaign, and in doing so made it plain that he considered one of the most important issues, perhaps the most important issue, to be the activity inside the Republican camp of Mr. A. T. Hert, of Louisville.

In the first place, it must be remembered that Mr. Rhea speaks as the Democratic candidate. He was selected as campaign chairman at a State convention, upon the recommendation of the State candidates. In undertaking to present an issue it is clear that he does so with the concurrence of the men whose campaign he is conducting and that he speaks with the authority of a State convention behind him.

We make this plain because our neighbor, the Courier-Journal, this morning singles Mr. Rhea out for attack, undertakes as a "supporter of Governor Black" to repudiate Mr. Rhea and to rebuke him for criticizing Mr. Hert and Mr. Thurston Ballard, the Republican nominee for Lieutenant-Governor. The Courier-Journal says that men will "hold their noses" when they read Mr. Rhea's speech and it makes a defense of the Republican politicians Mr. Rhea seeks to bring into the campaign.

The Evening Post cannot agree with the Courier-Journal and feels incumbent to say so. In the first place, we can not see why Republicans should claim for themselves the exclusive right to criticize. Republican leaders whose cause the Courier Journal so strongly espouses have themselves been very free in their criticism of Democrats and things Democratic. They have been "vituperative" in discussing the leaders of the Democratic party in Kentucky and in Louisville, and we suppose intend to continue doing so. Nor is this all. Even in the midst of a great war they arraigned the President of the United States with a "hot temper" that we think was a mistake. Surely if Republican leaders can criticize President Wilson, personally as well as officially, as they feel justified in doing, they have no cause for complaint when the leaders of the Democratic party in Kentucky criticize them in a state campaign in which they are taking part.

The Courier-Journal, moreover, deplores criticism of Mr. Hert, because it puts him in the same category with the "professional politician."

Mr. Hert, if not a professional politician, is more concerned in the details of politics than most professional politicians are. Everyone knows that he selected the Republican city ticket in Louisville two years ago and, in large measure, this Republican State ticket this year. After Mr. Smith was elected, Mr. Hert placed in the city offices a number of his former employees. He has had "the say," not only about the appointments, but about the policies of the city administration; and therefore an issue in the campaign.

We deny emphatically that wealth or social position entitles a man to try to run the politics of the State and at the same time entitles him to immunity from criticism. Men may differ with Mr. Rhea in regard to the facts in the indictment he presents, but the charge cannot be sustained that he committed an "impropriety" in making the leaders of the Republican party one of the issues of the campaign.

# THE JAPANESE AND MISSIONS

Nashville, Tenn., Sept. 26.—Success of the Baptist 75 Million Campaign in raising this sum to be expending Christian work in all parts of the world will mean more for the promotion of better relations between China and Japan than any action the U. S. Senate could take on the disposition of Shantung in the opinion of Dr. J. F. Love, secretary of the Foreign Mission Board of the Southern Baptist Convention, who returned recently from an extended survey of general religious needs in the Orient, with special reference to the situation in Japan and China.

"The situation which obtains in the case of the Japanese and the Chinese is undoubtedly very tense and most deplorable," Dr. Love declares. "I am not concerned in the politics of the situation," the secretary of foreign missions continues, "but Southern Baptists are deeply and unselfishly interested in the spiritual welfare of both nations. To Japan and China alike Southern Baptists have given joyfully of their money and of their most loved talented young men and women for service. We are getting ready to greatly increase the number of those who go to carry blessings to those nations as a result of the 75 Million Campaign, and we are expecting to increase the efficiency of our service. Our people are of one mind that is in Christian and unselfish service on behalf of the Japanese and Chinese people lies our greatest opportunity to help such a situation as now exists between those two nations."

"After somewhat extended stay in Orient and the closest observation of which I am capable, added to many years study of Christian Missions in these lands, I have no hesitation in saying that the gospel of Jesus Christ is the only real effective remedy for national and international troubles and that it will take great re-inforcement of Christian missionary effort from the West to counteract other influences from the West which are operating in these nations. A harsh material philosophy which often attempts to handle religious matters has wrought evils in the minds of the better educated class in the Orient and a selfish commercialism from the West is doing there what it has done here, exploiting people."

"Evangelical Christian missions must convey to the cultured mind of the East the fact that the gospel of Jesus Christ more than anything else has been the creative factor in Western civilization, and that the university and the intellectual philosophies are the product of this gospel, although, disowning their parentage they may, and do in many cases, misrepresent Christianity. The gospel of Jesus, which produces a new heart, creates new human compassions, makes men and women love one another irrespective of race or class, is the only sure remedy for a distressing situation such as the world is witnessing in China and Japan and in many other nations of the earth today."

# KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful."

"I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui."

"I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone."

"I shall always praise Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial.

**Your Red Cross  
Is Still Busy**

**READ WHAT YOUR  
DOLLAR IS DOING**

**T**HE best dollar any community can spend is the dollar it invests in conservation of community life and health. It yields biggest returns. The finest advertising asset which a community can have is a low sickness and death rate.

The community nurse is a form of insurance which no community can afford to be without. The community nurse cares for the sick, protects the well and teaches the principles of good health to all. She is the "lookout on the Mountain," giving the first warning of the approach of the enemy, disease. Through its endless chain of chapters, 375 of them in Ohio, Indiana and Kentucky alone, the organization is to help to promote the establishment of rural and community nursing.

If you live in the country or a small town and you wish to know how to organize, how to raise funds, how to carry on your work, where to get a nurse, what she will do, write to the director of the Red Cross Bureau of Public Health Nursing in the Lake Division, Cleveland, Ohio.

A Red Cross nurse in every community is the ultimate aim. Just now the depleted ranks of the nurses provide too small a personnel to make the immediate realization of the plan possible.

The American Red Cross is urging every nurse to enroll for peace-time service. With an eye to future needs, the Red Cross is also urging the young women of the country who are just graduating from schools and colleges to enter the nursing profession.

Consider the Red Cross conclusion—Twelve million school days are lost to measles every year.

Nine labor days are lost through sickness by the average working man every year.

Every fifteen seconds a human being is injured; every fifteen minutes one is killed.

Two and a half million soldiers were rejected in the first draft.

The death rate over 40 is rising.

Therefore march with the Red Cross in the advance against disease.

Do your share for the health of the world.

## OPENING GAME OF FOOTBALL

High School To Play Princeton On  
Athletic Field at 3 O'clock  
P. M.

This afternoon at 3 p. m. at High School Athletic field, the local football seasons opens with a game between the Hopkinsville school team and the Princeton High School team. A hard game is expected, as both schools have one of the best teams in their history. Coach Radford, of the local High School, hasn't given out his line-up, and it is probable that he will use quite a number of men in the game.

their products and their equipment to South America, Mexico, China and other countries of the Orient.

A San Francisco paper gives the statement of Rudolph Samet, President of the California's Brewers' Association: "We are looking to China as the best place to go," said Mr. Samet. "I am leaving in a few days for that country to arrange for the construction of a two million dollar plant for the Rainier Brewing Company. Other breweries are making similar arrangements."

We must HASTEN in our work for world prohibition. We DARE not wait. The W. C. T. U., through its organization in more than forty countries, has a foothold in the work of World Prohibition held by no other organization. Now a great appeal comes from China for help. Every fourth baby born in the world is a Chinese baby. Our mother's hearts go out to these babies. Appeals are coming to us from ALL parts of the world. They are asking for teachers and missionaries and home workers. Women missionaries are ready to go as soon as expenses can be met. Three hundred thousand dollars of our Million Dollar Jubilee fund is for work of world prohibition and to speed our helpers across the seas, and the WORK for World Prohibition can not wait. Americanization.

Already in a number of large cities workers from the Woman's Christian Temperance Union are visiting the foreign speaking homes. Already groups of young people of different nationalities are organized in the Young Peoples Branch of the work, taking the temperance pledge, and doing effective temperance work among their own people. Two hundred thousand dollars of this fund will place paid workers in fifty foreign speaking centers to work especially among the women in the homes. These workers will combine the teaching of English and care of the child with the principles of temperance and education against even the home-made liquors. This gives the Woman's Christian Temperance Union a distinct field in Americanization work, which would mean a sure foundation for future prohibition and a present labor contentedness with our laws.

### "THE SHEPHERD OF THE HILLS"

Harold Bell Wright's novel has made a great photo-play. To all lovers of the book this is not surprising. The story is filled with dramatic situations and scenically the magnitude of God's own handiwork is ever before us. The woods and the hills always appeal to a real man or woman and in this play the really great things of life are brought to our understanding as clear as the water from the mountain springs which are ever before our eyes. It is the visualization of the story of the Ozark mountains and their humble dwellers. The story of the man who took the trail that leads to the lower ground and the woman who found her way to the sunlit plains. A story of rough times before the coming of the railroads; the period of "huskin' bees" and "house raisin's." Rough and ready settlements of disputes with the fist. It is a virile play and yet one that carries with it a deep message. It is full of wholesome philosophy and has many unique characters. Mr. Wright has directed the work of this photo-play which has been a year in the making. It is shown in ten reels and forms an evening's entertainment.

## U. S. ORDERS CARS RUSHED

Plan To Relieve Shortage Agreed On At Conference At Washington.

Washington, Sept. 26.—That a coal famine will be averted is believed assured by the plan agreed on this afternoon by the Railroad Administration amply to supply cars to take care of the full production of mines in Kentucky and Tennessee.

The most serious car shortage was declared to be suffered by mines on the L. & N. railroad.

The plan agreed on for relieving the shortage, in Kentucky and Tennessee provides that 180 cars from roads in the Eastern region and 270 cars from other roads shall be turned over to the Louisville & Nashville railroad by the Administration daily the next ten days. This is not to include cars returned to the L. & N. for other cars taken from it.

This will bring 4,500 additional additional coal cars to the L. & N. road the next ten days.

### COOLEY CASE AFFIRMED

Mamie Cooley Convicted As Accomplice of Cotton Graue Must Serve Term.

The Court of Appeals on Wednesday affirmed the judgment of the case of Mamie Cooley, convicted of participation with Cotton Graue in the murder of Drew Ross. She must serve nine years in the penitentiary. She is the first white woman ever sent to the penitentiary from Christian county. Ross was inticed into the disorderly house kept by the Cooley's near this city, where he was murdered and his body placed on the railroad near by, where it was found before a train passed.

### Protection From Live Wires.

For the sure protection of linemen handling live wires a pair of gloves inside and one outside of the rubber gloves have been recommended. The woven fabric inside glove takes up perspiration and shields the rubber from the finger nails and a leather gauntlet over the rubber glove protects from outside mechanical injury, aids in grasping tools and keeps the hands warm in winter.

### Dr. J. T. Henderson to Speak.

The first Baptist Church here has been exceptionally fortunate in its speakers in connection with their great \$75,000,000 drive. Already General Director Scarborough has spoken here, and also the women have had Mrs. W. J. Neel, General Director of the Woman's Missionary Union. Now the announcement is made that Dr. J. T. Henderson, corresponding secretary of the Lay-Missionary Movement is to preach at the First Church next Sunday morning, and also address a man's mass meeting at two-thirty Sunday afternoon. As the latter meeting is intended for the benefit of the cause in Bethel Association, every man in the bounds of the Association (most especially all the leaders) should by all means attend, and this is a special invitation to all such to do so. Remember the hour, Sunday afternoon, two thirty o'clock.

LEONARD W. DOOLAN, Pastor.
